

How can the Learning Centers help you succeed in biology courses?

The Learning Centers offer a variety of resources to enhance your studies in your biology courses such as...

Tutors

- Need help understanding concepts or would like to be quizzed on lab material? Our tutors can help you with this! We currently have support online and at both campuses. Visit <https://web.penjiapp.com/schools/macomb/communities/macomb-lc-rws> for more information!

Lab Practice

- The Learning Centers have a majority of the models found in your classroom, free for you to use during all operational hours. In addition, practice practical exams can be found in the Learning Centers, roughly two weeks before your actual exam date! Want to quiz yourself at home? Check out anatomy lab Quizlets at <https://quizlet.com/ScienceScience21/folders>

Lecture Study Materials

- For each unit, we have a variety of extra study worksheets. Most of these can be found in the biology model areas at both campuses. Don't see a specific topic worksheet you are looking for? Let us know and we can make one for you!

Learning Center's Canvas Page

- The Learning Center's Canvas page has a variety of resources as well! There are lab study packets with keys available to you as well as additional information about our services and direct links to our tutoring system. Check it out at <https://online.macomb.edu/courses/37602>
